

Ulf Toelch

Curriculum Vitae

SCIENTIFIC POSITIONS AND DEGREES

| | |
|-------------|---|
| 2021 – now | Research Group Leader <i>Systemic Perspectives in Translational Biomedicine</i> , BIH QUEST Center for Responsible Research, Berlin Institute of Health at Charité, Germany. |
| 2017 – now | Project Leader Education and Scientific Quality , BIH QUEST Center for Responsible Research, Berlin Institute of Health at Charité, Germany. |
| Description | Development and teaching of reproducible methods in biomedical sciences. Development of strategies towards scientific rigour. |
| 2021 | Lehrbefugnis <i>Experimentel Neurology</i> , Charité - Universitätsmedizin, Berlin |
| 2020 | Habilitation in Psychology , Freie Universität Berlin, Germany. |
| 2015 – 2017 | Researcher , <i>Biological Psychology and Cognitive Neurobiology</i> , Freie Universität Berlin, Germany. |
| Description | Neurobiological basis and computational models of social information use. |
| 2011 – 2014 | Einstein Post-doctoral fellow , <i>Berlin School of Mind and Brain</i> , Humboldt University, Berlin, Germany. |
| Description | Neurobiological basis and computational models of social information use. |
| 2010 – 2011 | Post-doctoral fellow , <i>Cognitive Neurobiology</i> , Humboldt University, Berlin, Germany. |
| Description | Development of statistical methods for animal phenotyping |
| 2006 – 2010 | Post-doctoral fellow , <i>Department of Biology</i> , Utrecht University, The Netherlands. |
| Description | Social learning and innovation behaviour in human and non-human animals. |
| 2006 | Software developer, project manager, and researcher , <i>Munich</i> |
| Description | Development of Virtual Reality experimental set-up for rodents and humans. Exist-Seed program for university spin-off companies (founded by the Bundesministerium für Bildung und Forschung), Ludwig-Maximilians University, Munich |
| 2006 | PhD in Biology , <i>Department Biology II (Ludwig Maximilians University) and Max Planck Institute for Ornithology</i> , Munich and Seewiesen. |
| Title | <i>Bat Time Stories</i> |
| Description | Decision-making in temporal and spatially predictable environments in a tropical bat <i>Glossophaga soricina</i> |
| 2002 | Diploma in Biology , <i>Department Zoology</i> , Christian-Albrechts University, Kiel. |

Awards and Distinctions

| | |
|------|--|
| 2017 | Teaching Award in Psychology 2017; FU Berlin |
| 2017 | FU Berlin Central Teaching Award for <i>Digital Open Science Project</i> |
